

March 2026

# Wellness Center Renovations Project Update

## Coming in March:

- The new front desk will open
- Conference rooms will open up for community use
- Work on the new snack bar will begin

In mid-March the front desk area at the front of the building near Physical Therapy will finally be ready! Our staff will begin checking everyone in at the new location as soon as possible. The new conference rooms will be ready for use soon. Each room is complete with a camera-presentation projector, a new sound system, and can hold up to 45 people. One room includes a kitchenette-style cooking area. Booking reservations are not yet accepted, but will be soon.

The last few weeks of February the extension to our mezzanine was installed! This will serve as an additional group fitness area for TRX and Bootcamp classes beginning in the spring.

Later in March, construction will start on our expanded snack bar and pro-shop. This will include more options for food and merchandise!

The aerobics room, fitness mezzanine, new HIIT room, and main lobby are still being worked on and will likely be open in May.

**If you haven't yet seen the amazing new additions to the pool area, please stop by for a dip in the new hot tub or nice warm sit in the steam room and sauna!**
